

MANNOL Brake Cleaner

9691

A blend of solvents for degreasing and cleaning metal parts. Developed as an effective means for cleaning and degreasing brake drums, discs, pads, shoes, cylinders, and clutch parts. Provides fast and effective removal of dirt, dust, grease, and brake fluid. Dries quickly and leaves no residue.
FEATURES AND BENEFITS
Removes brake fluid, oil, resin, grease, and other contaminants
Cleans without disassembly
Eliminates brake squeal and clutch slippage caused by dirt and glazing
Dries quickly without leaving any traces
APPLICATION METHOD
Apply by spraying, brushing, or dipping, following safety guidelines for working with flammable liquids. Allow the product to soak and then wipe dry.
STORAGE: Store at temperatures below 50°C. Avoid direct sunlight exposure.

Recommendation
TYPE Brake Cleaner
