

O.E.M. for Korean cars 7713

Innovative premium fully synthetic engine oil for modern HYUNDAI and KIA gasoline engines with and without a turbocharger. Designed in accordance with the requirements of Korean automakers specifically for engines with a variable valve timing system CVVT from HYUNDAI starting with 2L Beta I4 engine models (Hyundai Elantra and Kia Spectra from >2005), Alpha II DOHC (Hyundai Accent / Verna, Tiburon, Kia Cee'd >2006).

Properties:

- Ester components provide excellent anti-wear and anti-friction properties due to the exceptional durability of the oil film, which, combined with excellent pumpability, significantly increases the engine's service life even in heavy driving conditions;
- Offers high fuel efficiency due to reduced viscosity and optimal anti-friction properties;
- Highly effective additive package and synthetic base ensure confident cold start in any conditions, which significantly reduces startup wear;
- Excellent washing and dispersing properties and the highest thermal-oxidative stability effectively fight against all types of deposits and keep engine parts and turbochargers clean;
- Compatible with the latest exhaust gas aftertreatment systems;
- A special synthetic base provides long-term trouble-free operation of the continuous variable valve timing system CVVT;
- Suits engines with extended oil change intervals (Long Life) and conventional engines;
- Offers great compatibility with sealing materials.

Designed for gasoline engines of cars, light SUVs, vans and light trucks (primarily HYUNDAI and KIA), where the performance level of API SN / ILSAC GF-5 is required.

TYPE Fully Synthetic Engine Oil
SAE 5W-30
API SN
ACEA A3
ILSAC GF-5/GF-4/GF-3
HYUNDAI
KIA

PACKAGING

208L	MN7713SP-DR	Drum	
208L	MN7713-DR	Drum	
60L	MN7713SP-60	Drum
