

MANNOL Sea Touch Shampoo
4902

Highly foaming shampoo concentrate with the highest washing and cleaning action for manual contact car wash.

Product properties:
- Forms very rich active foam;
- Effectively removes all types of stains and dirt: dusty fuel, oil, fat, soot, insect residues, etc. due to its excellent splitting properties;
- Suitable for washing glass;
- Easily washed off with water without leaving streaks and smudges and whitish spots;
- Leaves a great glossy effect;
- Can be diluted with warm and cold water. Effective even when using hard water;
- Has the smell of sea breeze;
- Does not contain phosphates;
- Biodegradable, environmentally friendly product that meets all EU requirements.

Compatibility: Safe for paint surfaces, plastics and rubber products.
Application: Remove in advance large dirt with a strong stream of water. To prepare the working solution, the concentrate must be diluted with water in a ratio from 1: 10 to 1: 20, depending on the degree of contamination. Apply the mixture with a sponge on the surface to be cleaned and distribute it over it. Then rinse thoroughly with water and wipe with suede.
