

MANNOL Agro
7206

A special high-quality mineral engine oil for 2-stroke Husqvarna engines. It is suitable for the lubrication by a pre-mixed blend and a mixing in an engine intake.

Product properties:
- The ashless additive package ensures a stable operation of an engine in any operating conditions, including high temperatures and loads, as well as when using a low-quality fuel, it prevents the formation of carbon deposits, lacquer and soot on pistons, plugs and valves, prevents piston rings from sticking thus extending the service life of the engine;
- Smokeless combustion;
- Special ashless detergent components maintain the excellent cleanliness of the engine parts;
- It instantly forms a highly stable mixture with all types of fuel;
- It has excellent anticorrosion, antiwear and antifriction properties.

It is designed for use in all types of 2-stroke engines of gardening equipment: lawn-mowers, grass-trimmers, power cultivator, chain and circular saws, special forestry and construction equipment, etc., whose required oil grade API TC or JASO FB.
A fuel-oil mixture ratio recommended by engine manufacturers must be observed.
Comply with the manufacturer's instructions provided in the user's manual of the engine!
It is dyed green for the visual control of the oil in the mixture.
