

# MANNOL Outboard Marine
## 7207

A high-quality synthetic-based engine oil for modern 2-stroke outboard engines with water cooling.

Products properties:
- A modern additive package ensures a stable operation of the engine in any operating conditions, including high temperatures and loads, prevents the formation of carbon deposits and lacquer on pistons, plugs, valves and nozzles, prevents piston rings from sticking thus extending the service life of the engine;
- Smokeless combustion;
- Special ashless detergent components maintain the excellent cleanliness of the engine parts;
- Ii instantly forms a highly stable mixture with all types of fuel;
- It has excellent anticorrosion, antiwear and antifriction properties.

It is designed for 2-stroke outboard engines, water scooters and jet skis, as well as for all 2-stroke engines with the required oil level of API TC or NMMA TC W3®.
The fuel-oil mixture ratio recommended by engine manufacturers must be observed.
Comply with the manufacturer's instructions provided in the user's manual of the engine!
It is dyed green for the visual control of the oil in the mixture.
