

MANNOL Outboard Universal
7208

A high-quality mineral engine oil for modern 2-stroke petrol-powered outboard engines with water cooling that use petrol-oil mix. It is produced from a highly-purified basic oil and a special ashless additive package.

Product properties:
- A balanced composition ensures a stable operation and protection of the engine in most harsh operating conditions, including high temperatures and loads, it has a reduced formation of carbon deposits and lacquer on pistons, plugs, valves and nozzles, it prevents piston rings from sticking thus extending the service life of the engine;
- Smokeless combustion;
- Special ashless detergent components maintain the excellent cleanliness of the engine parts;
- It instantly forms a highly stable mixture with all types of fuel;
- It has excellent anticorrosion, antiwear and antifriction properties.

It is designed for 2-stroke outboard engines of water scooters and jet skis, as well as for all 2-stroke engines with the required oil level of API TC or NMMA TC W2.
The fuel-oil mixture ratio recommended by engine manufacturers must be observed. In the absence of such recommendations – the standard ratio is 1:50.
Comply with the manufacturer's instructions provided in the user's manual of the engine!
It is dyed green for the visual control of the oil in the mixture.
