

MANNOL Diesel 15W-40

7402

Highly refined economy-class mineral engine oil for highly accelerated diesel engines with and without a turbocharger. Suits high mileage engines operating in various operating conditions.

Product properties:
- High viscosity index and excellent compatibility with sealing materials help reduce the chance of the leakage and maintain the necessary oil pressure even for high mileage engines ;
- Low volatility reduces oil consumption through burning;
- A thoroughly balanced additive package ensures an efficient service of an engine in all modes of operation: cold start, increased load (off-road and uphill driving, towing, driving with maximum load) and in high-temperature ambient conditions;
- Long-lasting oil film effectively protects from wear, reduces friction and prevents corrosion;
- Ensures reliable lubrication of all engine components under all operating conditions;
- Reduces the soot and carbon formation;
- Natural antioxidants effectively counter ageing and maintain oil's properties when using variable fuel quality (with sulphur content up to 500 ppm) due to high total base number (TBN).

Intended for the maximum protection of diesel engines of a wide car fleet (passenger cars, light SUVs, minibuses and light trucks) from Russian, European and other manufacturers.
The oil is not suitable for use in heavy trucks and similar vehicles!

Specifications
SAE 15W-40
Recommendation
API CH-4/SN
ACEA A3/B4
VOLKSWAGEN 505 00
VOLKSWAGEN 501 01
MB 229.1
MB 226.9
