

MANNOL Auto Shampoo
9808

Auto Shampoo is a highly foaming super – concentrate of shampoo with the highest washing and cleaning effect for manual contact washing of cars and other vehicles, which has conservation properties.

Properties:
- A special mixture of active substances-foaming agents creates a very rich active foam and thoroughly cleans the car;
- Active detergents effectively remove all types of stains and dirt: dust, fuel, oil, grease, soot, insect residues, etc. due to their excellent splitting properties;
- Suitable for washing glass;
- Easily washed off with water without leaving stains, streaks, smudges and other traces;
- Protects the body after washing and gives it an excellent shine, especially recommended for use before putting the car in storage (long-term parking);
- Quickly dissolves in both hot (warm) and cold water. Effective even when using hard water;
- Has a pleasant citrus smell;
- Phosphate-free, biodegradable.

Compatibility: safe for paint surfaces, plastics and rubber-technical products.

Application:
Remove persistent soiling in advance with a strong stream of water.
To prepare the working solution, the concentrate must be diluted with water in a ratio of 1:100 (100 ml per 10 liters of water) to 1:20, depending on the degree of soiling. Apply the solution with a sponge to the surface of the car body. Leave for 5-10 minutes to act. RUB the car body with calm movements without pressure. Wash the surface thoroughly with clean water. The pH of the solution in a ratio of 1:100 (20 °C) is 7-7.5.

Warning: Do not store the product in direct sunlight!
