

MANNOL Bandage Tape
9717

Bandage Tape wide universal insulation tape based on polyester fabric. Designed specifically for the manufacture of cable harnesses in the car and in its engine compartment-oil and petrol resistant. It can be used both in the repair of cars and other equipment, and in industry and in everyday life during electrical work. Ideal for isolating any electrical connections.

Properties:
- Length / width / 10 m / 25 mm;
- Easy to use;
- The structure of the tape provides it with high strength-resistance to high mechanical loads (including breaking) and wear resistance – resistance to abrasion;
- Resistant to micro-organisms (rot), chemical effects and contamination;
- Resistant to aging, high temperatures, water, UV radiation;
- Very elastic-stretches well without losing adhesion;
- Reduces the noise level;

Shelf life: 5 years from the date of production.
