

Mannol Brake Cleaner
9692

MANNOL Brake Cleaner is a special cleaner for all separate parts in the motor vehicle and industrial sectors. It has excellent cleaning properties and is applicable to brake shoes and discs. It removes soiling, oil, grease, brake fluid, other petrochemicals and burnt technical fluids.

QUALITY AND CHARACTERISTICS

- Contains acetone
- Does not attack car paint
- Does not attack O-rings and brake hoses
- High dissolving capacity
- Does not leave residues
- Strong degreasing effect and water displacement
- Mechanical cleaning with a concentrated spray jet
- Does not contain chlorinated hydrocarbon
- Very fast flash off without residues
- Non-corrosive
- Insulating
- Powerful, directed spray pattern
- Observe TRG 300

Spray the cleaner onto the soiled parts and let it drain off. The parts are clean and grease-free after evaporation of the solvents.
