

MANNOL Tar Remover
9668

Tar Remover is a highly effective concentrated cleaner of resinous and other hard - to-remove dirt from all surfaces of cars, motorcycles and other equipment, as well as in everyday life in the form of an aerosol. It is used for cleaning paint and chrome surfaces, windows, headlights, bumpers and moldings, etc.

Properties:
- Removes bitumen (tar), asphalt chips, dried spots from oils and other technical liquids, insect stains and traces, bird droppings, oxidized and degraded paint coatings without damaging the surfaces;
- Enhances the gloss and color of the treated surface;
- The solvents included in the cleaner allow it to easily and quickly penetrate into the pores and micro cracks of the surface, providing a deep and complete cleaning;
- Leaves no stains, no smudges, no traces.

Application: spray 9668 MANNOL Tar Remover on the surface to be cleaned and Leave for a while to act (3-5 minutes). Wipe with a soft cloth or sponge.
Attention: before using on polycarbonate plastics and acrylic glass, check the product for compatibility with these materials on a small invisible area of the surface.
Shelf life: 5 years from the date of manufacture.
