

MANNOL Fender Cover

MN1065

Protective cover for fenders with magnetic closure and MANNOL logo. Designed to protect the front fender of cars during repair and maintenance work in the engine compartment while the bonnet is open. Protects the fender of the vehicle against scratches, oil as well as dirt and increases the mechanic's work comfort.
The cover is made of high-strength as well as water-resistant material and can be easily cleaned of dirt. Thanks to the magnetic closure it ensures easy and reliable mounting and dismounting. The cover is suitable for almost all types of cars.
