

MANNOL TS-16 UHPD Blue

7116

Mannol TS-16 5W-40 Fully Synthetic Heavy Duty Engine Oil offers superior protection and performance, fully compliant with, and exceeding API CK-4 specifications.
Enhanced Fuel Economy
Thanks to its advanced formulation, Mannol TS-16 5W-40 delivers improved fuel efficiency by optimizing lubricant flow characteristics. This can lead to noticeable reductions in fuel consumption while maintaining exceptional engine protection and durability under heavy-duty operating conditions.
Superior Wear Protection
Designed to meet the demands of modern heavy-duty engines, Mannol TS-16 5W-40 provides outstanding wear protection. Its robust additive package minimizes friction and metal-to-metal contact, significantly reducing wear and extending engine life, even under severe load and temperature conditions.
Advanced Deposit Control
Incorporating state-of-the-art dispersant technology, Mannol TS-16 5W-40 effectively mitigates the buildup of harmful deposits, soot, and contaminants. Combining multi-functional additives and high-quality synthetic base oils ensures optimal engine cleanliness and operational efficiency, surpassing conventional heavy-duty oils in deposit control and overall engine protection.
